CONTROLLED DISCLOSURE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorized version on the system. No part of this document may be reproduced in any manner or form by third parties without the written consent of Eskom Holdings SOC Ltd, © copyright Eskom Holdings SOC Ltd, Reg No 2002/015527/30

1. Introduction

Tutuka Power Station intends to request Contractors/Suppliers to tender for supplying and delivering various PPE as per Scope of works. The PPE is to be supplied and delivered for a period of five (5) years.

The evaluation of the of the tender is based on the tenderer's ability to meet both mandatory and qualitative requirements specified for the scope of work. A weighted score card approach will be used to evaluate the tenders against the Employer's requirement.

2. Supporting Clauses

2.1 Scope

The scope of work (SOW) specifies the required PPE to be supplied by the *Supplier* on an as and when required basis and conditions for acceptance. The scope included here does not substitute procurement procedures that will be followed during the procurement process.

2.1.1 Purpose

The purpose of this document is to provide the scope of work and technical information for the supply and delivery of various PPE, and to ensure that all consumables being procured by Tutuka Power Station are appropriate and meet the required specifications.

2.1.2 Applicability

This document is applicable to Tutuka Power Station.

2.1.3 Effective date

This document will be effective from the date of its authorisation.

2.2 Normative/Informative References

Parties using this document shall apply the most recent edition of the documents listed in the following paragraphs.

2.2.1 Normative

[1] ISO 9001 Quality Management Systems

[2] 36-681 Generation Plant Safety Regulations

[3] 32-727 SHEQ Policy

2.2.2 Informative

N/A

2.3 Definitions

Definition	Explanation
Contractor	Service provider contracted to provide a specific PPE & documentation to Tutuka Power Station. Referred to as the Supplier on this document.
Employer	Tutuka Power Station

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorized version on the system. No part of this document may be reproduced in any manner or form by third parties without the written consent of Eskom Holdings SOC Ltd, © copyright Eskom Holdings SOC Ltd, Reg No 2002/015527/30

Definition	Explanation
Disclosure Classification	Controlled Disclosure to external parties (either enforced by law, or discretionary).

2.4 Abbreviations

Abbreviation	Description
ISO	International Organisation for Standardisation
KPI	Key Performance Indicator
OEM	Original Equipment Manufacturer
OHS	Occupational Health & Safety
PSR	Plant Safety Regulations
SHEQ	Safety, Health, Environmental & Quality
SOW	Scope Of Work

2.5 Roles and Responsibilities

2.5.1 Contractor

a) To Supply and Delivery of Various PPE for Tutuka Power Station in accordance with the specifications and technical requirements on this document.
b) Supply Original Equipment Manufacturer (OEM) data sheet or documentation where applicable on every delivery. PPE to be supplied in their original packaging sealed.
c) Contractor shall submit all documentation as requested by the Employer.
d) Contractor to provide schedule on deliveries of PPE.

2.5.2 Employer

a) Compiles and submit scope of work with technical specifications.
b) Performs Quality Control of all PPE on delivery at the Employer premises.

2.6 Process for Monitoring

This document will be a once-off document to state the scope of work to Supply and Delivery of Various PPE

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorized version on the system. No part of this document may be reproduced in any manner or form by third parties without the written consent of Eskom Holdings SOC Ltd, © copyright Eskom Holdings SOC Ltd, Reg No 2002/015527/30

2.7 Related/Supporting Documents

N/A

3. Scope

Supply, Provision and Delivery of Personal Protective Equipment (PPE) at Tutuka Power Station on an “As and When Required” Basis for a Period of Five (5) Years.

.

4. Description of the works

Supply, Provision and Delivery of Personal Protective Equipment (PPE) at Tutuka Power Station on an “As and When Required” Basis for a Period of Five (5) Years

as per specification list. The PPE specification is listed in Table 1.

Documentation

The following are the *Supplier*'s requirements:

a) The *Supplier* will ensure proper handling of the PPE (from procurement of equipment, storage and transportation).

b) The PPE must be to the exact same specification as per works information / scope of works.

c) The *Supplier* will supply any additional information such as brochure, general arrangement drawing, certificates, detailed specification, data sheet, Settings Document for programmable electronic cards etc. Check sheets or drawings for quality inspections.

d) The *Supplier* shall supply preservation and storage procedure/s, where applicable.

When downloaded from the document management system, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorized version on the system. No part of this document may be reproduced in any manner or form by third parties without the written consent of Eskom Holdings SOC Ltd, © copyright Eskom Holdings SOC Ltd, Reg No 2002/015527/30

e) The Employer may make clarification sessions available to either prospective *Supplier*/s to further assist the prospective *Supplier*'s to meet the requirements of the work to be performed by the *Supplier*.

f) The *Supplier* must ensure that all components supplied must be individually packed in such a way as to protect the parts during transport and storage. The packaging must also include the necessary labels to identify the items.

4.1 Acceptance of PPE

4.1.1 PPE Identification

Each PPE is identifiable by means of an Eskom SAP Material number (as is used in the Power Station), part description.

4.1.2 Packaging

I. Different PPE types shall be packaged separately such that each PPE type can be stored separately. Packaging shall be such that the PPE can be identified without opening the packaging. Packaging shall be of material that will not be damaged, to an extent possible, by harsh weather conditions during transportation. If that is not possible, then the packaging shall be protected against such conditions.

II. Where possible, packaging to be such that procured PPE can be positively identified through the packaging. Where this is not possible, the packaging to be such that it allows opening and closing of packaging and still maintain the packaging integrity thereafter.

III. Delivery packaging shall include as a minimum the following details:

a) Purchase Order Number

b) Part Description

c) Part number

d) Eskom SAP Material number

e) Drawing number, where applicable

f) Physical address of Tutuka Power Station and the *Supplier*

g) Contact details of the *Supplier*

h) Delivery note number

4.1.3 Acceptance of PPE

a) No incorrect, damaged or faulty PPE will be accepted.

b) All the PPE will be inspected and accepted by PPE specialist and/or Responsible personnel before payment could be processed.

c) Data capturing forms information must be supplied and must meet an acceptable level.

d) The Supplier must ensure that the supply and preservation of PPE is done in compliance with preservation specifications and good engineering practice.

e) The Supplier to advise the Purchasers warehouse/stores on effective storage of PPE and preservation.

f) Upon delivery of the goods at the Eskom stores, an inspection of goods and the receipt must be conducted by the End-user and the Supplier with 48 hours of delivery. There must be an approved list of appointed quality inspectors available with specimen signatures, and this must be updated annually. As per Work Instruction, Receive Materials – 240-54820279.

g) The Supplier must supply the Purchaser with warrantee certificates, test certificates and the complete data book of PPE at the time of delivery which shall be uploaded into the SAP system Goods Receipt document as per Work Instruction, Receive Materials - 240-54820279.

h) The Supplier must deliver the goods as per the agreed to delivery times.

i) The Supplier to provide 3.1 Material certificates as a minimum, where applicable.

4.2 Equipment Required

The Supplier and his sub-suppliers must possess the tools and equipment to satisfy the requirements for the scope.

4.3 Workshop

The Supplier and his sub-suppliers are required to have suitable premises with the required tools and equipment to be able to conduct the scope of work. Eskom reserves the right to inspect the workshop premises to make sure that it is kept up to standard.

4.4 Planned KEY PERFORMANCE INDICATORS (KPI)

a) The KPI's will be used to determine the successful performance of the scope. The Supplier is required to perform to meet these targets. The KPI's are to be agreed to between parties and are subject to change on an annual basis, based on the need.
   - First committed delivery date
   - Quality
   - Non-compliance to the agreed Scope of Work, hold points and Quality Control Plans

5. Acceptance

This document has been seen and accepted by:
