CONTROLLED DISCLOSURE

When downloaded from the EDMS, this document is uncontrolled and the responsibility rests with the user to ensure it is in line with the authorised version on the system

1. INTRODUCTION

This tender evaluation report outlines the details of the evaluation scoring and results for the technical evaluation report for Coal plant chutes, tripper cars and rotary feeders refurbishment. The suppliers have submitted files with documentations that were evaluated against the technical criteria. The supplier documents were evaluated by members mentioned below.

TET 1: Isaack Maredi – Matla PS Auxiliary Engineering

TET 2: Ramogale Thulare – Matla PS Auxiliary Engineering

2. SUPPORTING CLAUSES

2.1 SCOPE

Technical Evaluation Report for Coal plant chutes, tripper cars and rotary feeders' refurbishment.

The purpose of this tender technical evaluation returnable report is to summarise the technical evaluation results and capture all the information associated with the technical evaluation process.

2.1.1 Applicability

This document is applicable to the tender submissions for Technical Evaluation Report for Coal plant chutes, tripper cars and rotary feeders' refurbishment 5 Year Contract.

2.2 NORMATIVE/INFORMATIVE REFERENCES

Parties using this document shall apply the most recent edition of the documents listed in the following paragraphs.

2.2.1 Normative

[1] 240-48929482: Tender Technical Evaluation Procedure

2.3 CLASSIFICATION

a. **Confidential:** the classification given to information that may be used by malicious/opposing/hostile elements to **harm** the objectives and functions of Eskom Holdings Limited.

2.4 ABBREVIATIONS

Abbreviation	Description
TET	Technical Evaluation Team member

2.5 ROLES AND RESPONSIBILITIES

As per 240-48929482: Tender Technical Evaluation Procedure

2.6 RELATED/SUPPORTING DOCUMENTS

See references above Section 2.2.

3. TENDER TECHNICAL EVALUATION REPORT

3.1 TECHNICAL EVALUATION STRATEGY

The mandatory criteria requirement was assessed on YES/NO, based on whether the criteria was or not met. An assessment of 'NO' against any criterion will technically disqualify a tendering supplier and should not be further evaluated against Quantitative Criteria.

Quantitative Evaluation Criteria are weighted evaluation criteria used to identify the highest technically ranked supplier after determining that all the Mandatory Evaluation Criteria have been met. A tendering supplier must score a minimum weighted final score (threshold) of 70% for Qualitative Criteria to be further considered for this contract.

Table 1 - Mandatory Technical Criteria

No.	Mandatory Technical Criteria Description	Reference to Technical Specification / Tender Returnable	Motivation for use of Criteria
1.	CIDB Grading: 4 ME	Supply valid proof of CIDB grading. •	Medium sized mechanical works required, therefore maximum value of contract that the contractor is considered capable of performing is placed at R4 000 000, 00 per unit.
2.	CIDB Grading 4 EP/letter of intent to subcontract the Electrical contractor.	Supply valid proof of CIDB grading/Submit a letter of intent to subcontract an electrical contractor with CIDB grading of 4 EP or more. •	The work is classified as construction as per construction regulations.
3.	Accreditation of Companies performing welding on Eskom plant Level 2 & 3.	IS0 3834 Part 3, submit the certificate. NB: For JV, both contractors shall have ISO 3834 Part 3.	Standard for Welding Requirements on Eskom Plant: 240-106628253.

Table 2: Qualitative Technical Evaluation Criteria

	Qualitative Technical Criteria Description		Reference to Technical Specification / Tender Returnable	Source	%	Qualitative Evaluation Scoring			
						0	2	4	5
1.			**Work Experience (20%)**						
1.1	**Traceable Evidence of projects Completed**		Documented experience in the installation, testing and commissioning of chutes or similar bulk material handling equipment. Relevant projects may include work in coal handling systems, power plants, mining, cement, or other heavy industries where similar mechanical systems are used.	Company to provide list of previous work completed with signed proof of completion, completion certificates and contact person for the company where work was carried out	**100 %**	No information submitted or incomplete documentations, = 0%.	1 installation, testing and commissioning of the chute structure signed completion certificates / handover certificates = 40%	2 installations, testing and commissioning of the chute structure signed completion certificates / handover certificates = 80%	3 installations, testing and commissioning of the chute structure signed completion certificates / handover certificates = 100%
2.	**Project Resources**		**Technical staff (40%)**						
	2.1	Qualified Fitter.	Fitter with trade certificate and minimum 3 years 'experience in fitting equipment.	Submit CV of a fitter with minimum 3 years' experience in equipment fitting and	**10 %**	No information submitted or incomplete documentations,	Submit CV of a fitter with 3 years' experience in fitting	Submit CV of a fitter with 4 years' experience in fitting	Submit CV of a fitter with 5 years' experience in fitting

				trade test (certificate mandatory).		no trade certificate = 0%	equipment= 40%.	equipment= 80%.	equipment= 100%.
	2.2	Electricians	CVs of 3x electricians with trade test and IE certificates (Installation Electrician).	Submit CV of 3 x electricians with experience in electrical installation and testing, trade test and IE (certificate mandatory) with a minimum of 3 years' experience.	**15 %**	No information submitted or incomplete documentations, no trade certificate and IE= 0%.	Submitted x1 CV outlining 3 years' experience for electrical installation and testing with trade certificate and IE =40%.	Submitted x2 CVs outlining plus 3 years' experience for electrical installation and testing trade certificate and IE = 80%.	Submitted x3 CVs outlining plus 3 years' experience for electrical installation and testing trade certificate and IE= 100%.
	2.3	Supervisor	Supervisory experience with trade certificate for working on chute equipment.	Submit CV and proof of National Diploma qualification, trade test certificate with experience in installing, maintaining, and testing of chute with a minimum of 5 years' experience.	**10 %**	No information submitted or incomplete documentations, no trade certificate = 0%	Submit a CV outlining 5 years' experience for installing, maintaining, and testing of chute structure, National Diploma qualification, trade test	Submit a CV outlining 6 years' experience for installing, maintaining, and testing of chute structure, National Diploma qualification, trade test	Submit a CV outlining 7 years' experience for installing, maintaining, and testing of chute structure, National Diploma qualification, trade test

						certificate, = 40%	certificate, = 80%	certificate, = 100%
	2.4	Riggers	3x Rigger with experience in equipment rigging and experience.	Submit the CV outlining the rigger's experience and trade test certificate for equipment rigging with a minimum of 3 years' experience.	**15 %**	No information submitted or incomplete documentations, no trade certificate = 0%.	Submit a CV outlining 3 years' experience in equipment rigging and rigger trade certificate, = 40%.	Submit a CV outlining 4 years' experience in equipment rigging and rigger trade certificate, = 80%.	Submit a CV outlining 5 years' experience in equipment rigging and rigger trade certificate, = 100%.
	2.5	Safety officer.	Submit CV and Proof of Qualifications.	Safety officer with SAMTRACT or safety related qualification with minimum 3 years' experience.	**10 %**	No evidence submitted	Safety officer with SAMTRACT or safety related qualification with minimum 3 years' experience= 40%	Safety officer with SAMTRACT or safety related qualification with 4 years' experience = 80%	Safety officer with SAMTRACT or safety related qualification with 5 years' experience= 100%
	2.6	Welders	4x Welder with experience in welding steel members. Red seal Test and WPQ qualified in accordance with ISO9606.	Submit the CV outlining the welding experience and trade test certificate and 1 to 3 years' welding experience.	**20 %**	No information submitted or incomplete documentations, required Qualification not submitted= 0%	Submit CV of Welder with plus 1 years' experience and required Qualification = 40%	Submit CV of Welder with plus 2 years' experience and required Qualification = 80%	Submit CV of Welder with plus 3 years' experience and required Qualification = 100%

	2.7	Welding Coordinator	Welding Coordinator with the following Qualifications: International Welding Engineer (IWE) or International Welding Technologist (IWT) and shall be registered with ECSA.	Submit CV of a Welding Coordinator with International Welding Engineer (IWE) or International Welding Technologist (IWT), shall be registered with ECSA and 1 to 3 years working Experience.	**10 %**	No information submitted or incomplete documentations, required Qualification not submitted= 0%	Submit CV of Welding Coordinator with plus 1 years' experience and required Qualification = 40%	Submit CV of Welding Coordinator with plus 2 years' experience and required Qualification = 80%	Submit CV of Welding Coordinator with plus 3 years' experience and required Qualification = 100%
	2.8	Welding Supervisor	Welding Supervisor with the following Qualifications: International Welding Specialist (IWS) and/or International Welding Practitioner (IWP).	Submit CV of a Welding Supervisor with International Welding Specialist (IWS) and/or International Welding Practitioner (IWP) and a minimum of 5 years working Experience.	**10 %**	No information submitted or incomplete documentations, required Qualification not submitted= 0%	Submit CV of Welding Supervisor with 5 years' experience and required Qualification = 40%	Submit CV of Welding Supervisor with 6 years' experience and required Qualification = 80%	Submit CV of Welding Supervisor with 7 years' experience and required Qualification = 100%
3.	**Execution Methodology:**		Submit job specific method statement. **(40%)**						
	3.1	Method statement.	Submit the work specific detailed technical methodology for chute and supporting equipment activity.	Detailed technical methodology on how the company perform the chute installation, testing and	**100 %**	Not Provided or incomplete documentations, = 0%	Submit method statement covering 1 to 4 mentioned	Submitted method statement covering 5 to 8 items =80%	Submitted method statement covering 9 and above

				commissioning detailing the following: • Dissembling • Installation • Rigging • Sample checklists and inspection forms. • Aligning • Inspection and Testing. • Welding. • Ceramic tiling. • Safety clearance.			activities, = 40%		items. =100%
		Threshold=70%				**TOTAL: 100**			

3.2 TENDER TECHNICAL RETURNABLES RECEIVED

Eighteen (18) tender submissions was received and technically evaluated, and the threshold for this tender is 70% as stipulated in the tender evaluation criteria. Below is a list of submission, which was evaluated:

a) VMB Engineering
b) Mntungwa Engineering and Mining Construction
c) Mngudi

d) Mbali

e) Shanyi Engineering

f) New Nation Construction

g) African Commodity handling Projects

h) Ceezas Mechanical Works

i) Quandrillion Capital

j) Ngwatuadiahunadi Trading

k) NNT Engineering & Construction

l) Maduka Resources

m) Zamani Engineering Services

n) 3rd Alternative Solution

o) Brimis

p) African Commodity Projects

q) Public Bonds

r) Meytech

3.3 TECHNICAL CLARIFICATIONS

The supplier attended a clarification meeting, and all unclear points were clarified during the session.

3.4 INTERPRETATION OF EVALUATION RESULTS

3.4.1 Mandatory Evaluation Results

Table 3 and 4 below shows the mandatory results (TET 1 & TET 2) and findings for the suppliers, which tendered for the Coal plant chutes, tripper cars and rotary feeders' refurbishment. The required mandatory returnable which was submitted and meets the specifications will be indicated with a yes. The required returnable which was not submitted or does not meet the specifications will be ticked with a No in Table 3 and 4 below.

Table 3 - TET 1 Mandatory Results

Tenders	Mandatory			
	M1	M2	M3	Comments
1) Mntungwa	No	No	No	No documentation submitted.
2) Meytech	No	No	No	No documentation submitted.
3) Mngudi	No	No	No	CIDB is of lower grade. No ISO 3834 submission
4) Mbali	Yes	Yes	Yes	All requirements are met.
5) Shanyi Engineering	Yes	Yes	Yes	All requirements are met.
6) Vimbainaye	Yes	No	Yes	CIDB/letter of intend to subcontract Electrical scope not submitted.
7) New Nation	Yes	Yes	Yes	All requirements are met.
8) Public Bonds	Yes	Yes	Yes	All requirements are met.
9) ACH	Yes	Yes	Yes	All requirements are met.
10) Brimis	Yes	Yes	Yes	All requirements are met.
11) Ceezas	Yes	Yes	Yes	All requirements are met.
12) 3RD alternative solution	Yes	Yes	Yes	All requirements are met.

13) Zamani Engineering	Yes	No	No	Letter of intend to subcontract Electrical scope and IS0 3834 Part 3 are not submitted.
14) Quandrillion Capital	No	No	No	No documentation submitted.
15) Ngwatladi & Hunadi	No	Yes	No	No CIBD and ISO 3834 documentation submitted.
16) Maduka resources	Yes	Yes	Yes	All requirements are met.
17) NNT Engineering	No	Yes	Yes	CIDB certificates for Mechanical not submitted.

Table 4 - TET 2 Mandatory Results

Tenders	Mandatory			
	M1	M2	M3	Comments
1) Mntungwa	No	No	No	No documentation submitted.
2) Meytech	No	No	No	No documentation submitted.
3) Mngudi	No	No	No	CIDB is of lower grade.
4) Mbali	Yes	Yes	Yes	All requirements are met.
5) Shanyi Engineering	Yes	Yes	Yes	All requirements are met.
6) Vimbainaye	Yes	No	Yes	CIDB/letter of intend to subcontract Electrical scope not submitted.
7) New Nation	Yes	Yes	Yes	All requirements are met.
8) Public Bonds	Yes	Yes	Yes	All requirements are met.
9) ACH	Yes	Yes	Yes	All requirements are met.
10) Brimis	Yes	Yes	Yes	All requirements are met.
11) Ceezas	Yes	Yes	Yes	All requirements are met.
12) 3RD alternative solution	Yes	Yes	Yes	All requirements are met.
13) Zamani Engineering	Yes	No	No	CIDB/letter of intend to subcontract Electrical scope and IS0 3834 Part 3 are not submitted.
14) Quandrillion	No	No	No	No documentation submitted.
15) Ngwatladi & Hunadi	No	No	No	No documentation submitted.
16) Maduka resources	Yes	Yes	Yes	All requirements are met.
17) NNT Engineering	No	Yes	Yes	CIDB certificates for Mechanical & scope not submitted.

Table 5 - Mandatory Evaluation Results

Item Number	Company name
1	Mbali

5	ACH (African Commodity Handling Projects)
6	Brimis
7	Ceezas
8	Maduka
9	3rd Alternative

Table 5 above illustrates Companies/Contractors who qualify for next assessment (quantitative criteria assessment) based on the results from Table 3 and 4.

3.4.2 Qualitative Criteria Evaluation Results

The scores outlined on TET 1 and TET 2 are calculated using the rating in Table 2. Tables below show the final quantitative criteria assessment scoring for the supplier as per assessment conducted by the two (2) evaluators.

Table 6 – Mbali Scoring

Item Number	Qualitative Technical Criteria Description	Score	TEC 1	TEC 2	Comment 1	Comment 2
1	**Traceable Evidence of Projects Completed**	20.00 %	20%	20%	3 plus similar work experience submitted.	More than 3 completion certificates for similar work have been submitted.
2	**Qualified Fitter**	4.00%	4%	4%	CV submitted for B Mashaba showing 5 plus years fitter experience. Trade Test Certificate submitted.	Fitter qualifications submitted with CV outlining>5 years working experience
3	**Electricians x 3**	6.00%	6%	6%	• CV submitted for N Msowane showing 3 plus years electrical experience. Trade Test Certificate submitted. IE Proof submitted. • CV submitted for E Mohlahla showing 3 plus years electrical experience. Trade Test Certificate submitted. IE Proof submitted.	x3 Electricians qualifications submitted with CV outlining>3 years working experience.

					• CV submitted for A Ramoraswi showing 3 plus years electrical experience. Trade Test Certificate submitted. IE Proof submitted.	
4	**Supervisor**	4.00%	4%	4%	CV submitted for S Tlou with 7 plus chutes experience. Diploma and Trade Test Proof submitted.	Supervisor qualifications submitted with CV outlining>7 years working experience.
5	**Rigger x 3**	6%	6%	6%	• Submitted CV for X Ndlovu with 5 plus years rigging experience and Trade Test Certificate. • Submitted CV for S Ndolo with 5 years rigging experience and Trade Test Report. • Submitted CV for M Ndlovu with 5 plus years rigging experience and Trade Test Certificate.	3x Riggers qualifications (trade test) submitted with CVs outlining>5 years working experience.

6	**Safety Officer**	4.00%	4%	4%	Submitted CV for M Bookholane with 5 years plus safety related experience. Submitted Samtrac certificate.	Safety Officer qualifications submitted with CV outlining>5 years working experience.
7	**Welder x4**	8.00%	8%	8%	• Submitted CV for N Busse with 3 years plus welding related experience. Submitted Welding Procedure ISO 9606 Certificate submitted and Welders Trade certificate. • Submitted CV for N Khumalo with 3 years plus welding related experience. Submitted Welding Procedure ISO 9606 Certificate submitted and	x4 Welders qualifications submitted with CVs outlining>3 years working experience.

					Welders Trade certificate. • Submitted CV for M Estera with 3 years plus welding related experience. Iso 9606 WPQ submitted. • Submitted CV for M Msezane with 3 years plus welding related experience. Submitted Welding Procedure ISO 9606 Certificate submitted and Welders Trade certficate.	
8	**Welding Coordinator**	4.00%	0%	0%	Submitted CV for N Nkabinde. Submitted IWT Certification. No ECSA Registration proof.	Welding Coordinator qualifications submitted with CVs outlining>3 years working experience.

9	**Welding Supervisor**	4.00%	4%	4%	Submitted CV for N Lukhele with 7 plus welding experience and IWS Welding Certification.	Welding Supervisor qualifications submitted with CVs outlining>7 years working experience.
10	**Method Statement**	40.00 %	32%	32%	Submitted method statement covering 5 to 8 items =80%	Method statement sufficiently covers 3 to 8 items.
	Total		88%	88%		

	Average Total		88%		

Table 7 – Shanyi Engineering Scoring

		Score	TEC 1	TEC 2	Comment 1	Comment 2
1	**Traceable Evidence of Projects Completed**	20.00%	20.0%	20%	3 plus similar work experience submitted	More than 3 completion certificates for similar work have been submited.
2	**Qualified Fitter**	4.00%	4.0%	4%	CV submitted for D Dakada showing 5 plus years fitter experience. Trade Test Certificate submitted.	Fitter qualifications submitted with CV outlining>5 years working experience
3	**Electrician X 3**	6.00%	2.4%	2.40%	Submitted 1 Qualified Electrician.	x1Electricians qualifications (trade certificate &IE) submitted with CV outlining>3 years working experience.

3.4.3 Technical Evaluation Results

Table 15 - Summary of Quantitative Assessment Results

Item	Supplier	Scoring	Comments
1	Mbali	88%	Technically Suitable
2	Shanyi	76.4%	Technically Suitable
3	New Nation Construction	73%	Technically Suitable
4	Public Bonds	70%	Technically Suitable
5	African Commodity Handling (ACH)	83.6%	Technically Suitable
6	Brimis	59%	Not Technically Suitable
7	Ceezas Mechanical Works	86.4%	Technically Suitable
8	Maduka	84%	Technically Suitable
9	3rd Alternative	74.8%	Technically Suitable

Table 15 shows the results from the quantitative assessment for the supplier which met mandatory requirements. The supplier must acquire a threshold of 70% to meet the technical acceptance for the project.

3.5 CONCLUSIONS AND RECOMMENDATIONS

The Suppliers/Contractors were evaluated based on the Mandatory Evaluation Criteria and were thereafter evaluated based on the Quantitative Evaluation Criteria. The Contractors which meet both the Mandatory and Quantitative requirements will be deemed as technically suitable and may be considered for the contract award. The Technically suitable Suppliers/Contractors based on the Mandatory and Quantitative Evaluation Criteria are as follows:

- Mbali
- Shanyi
- New Nation Construction
- Public Bonds
- African Commodity Handling (ACH)
- Ceezas Mechanical Works
- Maduka
- 3rd Alternative
